The Announcement

The decision of Mr. J. B. Mackoy and A. E. Richardson & Son to disperse their herds of Shorthorns and of Mrs. Thera Ferrel to consign to their sale, presents an opportunity to buy excellent foundation material at a time when the building of pure bred herds of Shorthorns presents the greatest opportunity for success of any phase of farming in the corn belt. Day by day the demand for good Shorthorns is strengthening. Week by week higher prices are being paid for breeding stock. Those who buy now are making investments that will return handsome profits in the immediate future and for several years to come.

These cattle are not highly fitted and hence will not sell at exorbitant prices but they are in good breeding condition, are well bred, of good type and they are regular producers of calves that can be made into show specimens if the buyer chooses to put them into exhibition condition.

Seldom is there a sale where such a large per cent of the lots are cows with calves at foot and rebred. In fact, it is only at a dispersal sale that one can buy the choice of the mature cattle in a herd. This sale offers that opportunity. All of the females in the sale that are of breeding age have calves at foot or are so far forward in calf that no doubt remains as to their reproductive ability. And the calves are of the type and character that is favored by discriminating cattle men.

There are two herd bulls to be sold that are richly bred, good individuals and have many calves in the sale by which they may be judged. There should be a keen demand for these. The young bulls, also are of the desirable sort.

Study this catalog from first to last. You will see that this sale offers opportunities for sound investment. Come to the sale and avail yourself of these opportunities.
